April 8th School Entrance Ceremony

During the school entrance ceremony ,1st grade students made 2 promises.

① Listen carefully to what teachers and classmates say.

So that you can listen to the important things until the end , let's remain silent,look at the person speaking ,and listen with our eyes, ears and heart .Listening well to what people say is linked to understanding well.And by listening well abd thinking well ,studies start to get deep into your head.And besides ,by listening well to what people say, the things we can do will increase .

② And get along well with classmates

Let's try to get along with our classmates, studying and playing with many classmates. From time to time, there may be occasions when we try too hard and end up fighting. But it's okay to fight .When this happens, let's study together: " How to make peace . " , " How to stop fighting anymore. "

Learning how to get along with classmates and how to become even better friends after making peace, all of this is also an important study.

ありがとう

On April 5th, the 6th graders came to school to make preparations.And they did a very neat job, decorating the room by gluing stickers name, preparing the ceremony place and cleaning from end to end ,all to welcome to 1st grade students .Thank you very much to the 6th graders .

Some classes have changed locations

Guaranteed learning that leaves no one behind, creating an environment where everyone can learn (and support) with peace of mind.
