I like myself !  
I like my friends !  
I love Kumozu ! !

**School Goal** ~Formation of students who develop but have their own shine~

## The Sports Day where they tried hard and had fun to the fullest !

Thank you very much for your great support at UNDOKAI on October 26th.

The children were able to see the theme proposed by the children's group, "An UNDOKAI that will be filled with joy until the end and that we will remember as one of our fondest memories." I was very happy to see that the children's smiles and enjoyment of the UNDOKAI were evident throughout all the performances. From now on, we will also emphasize creating opportunities for students to shine while also giving due importance to the bonds between students of the HIMAWARI HAN mixed-grade group and their classmates. To the parents and guardians, our sincere thanks for making preparations before the event, helping as parking guides and helping with the cleaning up after the event. I would also like to thank the Kumozu area crime prevention patrol for their help, who provided their services early on and also helped manage the parking lot at the Kumozu Civic Center.

### Dancing TAMAIRE

You know, teacher.

I was happy because my whole family came to see me. But I was upset because I didn't get 1st place. I danced well and had fun dancing.

1st grade

### Lilac Kumozu

### Tug of war Himawarihan

What was fun about UNDOKAI was the tug of war. We lost in practice, but I was happy that on the day we won both times.

I was frustrated that if I had run a little longer I would have taken 1st place in the 80-meter race, but I lost.

I tried really hard in Lilac Kumozu. It was good to be able to dance well in the chorus part.

There was fun, there was frustration, there was a lot of effort and dedication, it was great. 3<sup>rd</sup> Grade

### 50m race

We danced the Lilac Kumozu at UNDOKAI. We practiced a lot to be able to dance well on the day. I was happy to have been able to dance well on the day.  
2nd grade

Today at UNDOKAI I tried hard in several things, such as tug of war and mounted gymnastics.

Before the day, it was very difficult, I made a lot of mistakes, but it turned out to be a very fun UNDOKAI, which will remain as a great memory.

Even after I move on to the 5th grade, I intend to try harder. And from now on I will also continue moving forward.

4th grade

### 80 m race

### Rolled the giant ball

### 「 MUSUBU」

I became very good friends with the children in the same mixed group when I rolled the giant ball and played tug-of-war. In TSUNAIDE TSUNAIDE, we ended up losing, but it was fun.

And in the mounted gymnastics, it was good, each thing was done with great perfection, more than in the training. And each technique we did, the students in the lower grades applauded and at that moment I thought about giving my best until the end. And when I heard the students in the 1st, 2nd and 3rd grades of my mixed group saying that they were doing a wave, I felt more at ease knowing that I was doing well.

The next one will be the last UNDOKAI and I will be part of the higher grade, I intend to become an example for the lower grades. Next year I would like the 1st, 2nd and 3rd grades to see the 4th, 5th and 6th grades and think, I want to become a student just like them.

5th grade

For 6 years, I participated in 5 UNDOKAIs and this is the last one and I trained and tried much harder than in the past. Therefore, according to the theme, I was able to make this UNDOKAI a good memory.

To make the UNDOKAI a really cool UNDOKAI, I trained together with the people in the class getting all dirty with dirt and I was able to make this UNDOKAI a beautiful memory. In this way, with everyone together trying their best, not only for me but I believe that for everyone in the class this UNDOKAI was the best.

6th grade

### TSUNAIDE TSUNAIDE

### Closing Ceremony
